

If you like going out and
having fun...

You're going
to LOVE this!

Compass Card West Sussex is a free discount card that should make it cheaper to do fun things like going to see a show, going tenpin bowling or going for a swim. It's for children and young people up to their 25th birthday who are disabled or who have special educational needs.

Compass Card West Sussex is run by Brighton charity Amaze and paid for by West Sussex County Council. Apply for your card now!

How do I get Compass Card West Sussex?

You - or your parent carer - will need to provide information about you by filling in a 'Compass Registration Form'. The information is held on 'The Compass', the 'disability register' for West Sussex. Amaze looks after The Compass and makes sure your personal information is kept private.

To get a Compass Card, you'll need to be living or going to school in West Sussex or being 'looked after' by the council's Social Services department. And you will need to have a disability or special educational need that affects your life each day.

Find out more by emailing Amaze at compass@amazebrighton.org.uk, by calling 0300 123 9186, or by visiting the Amaze Compass Card Facebook page.

Why should I get Compass Card West Sussex?

- It's free.
- It should mean you have more fun!
- It should save you money.
- Amaze can tell you (or your parent carer) about freebies and other stuff that might interest you.
